

## 2012 IEEE Workshop on Biometric Measurements and Systems for Security and Medical Applications Salerno, Italy, 14 September 2012

*Sponsored by the IEEE Italy Section Biometrics Council Chapter  
Organized by Università degli Studi di Salerno, Italy*

### CALL FOR PAPERS

The use of biometric measurements is acquiring paramount importance in many security and medical applications, not only from the theoretical point of view but also from the industrial perspective and practice. This workshop aims to present and discuss various technological, methodological and application issues in these areas, especially concerning, but not limited to, advanced sensors, signal/image processing techniques, pattern recognition approaches, systems and applications. Papers are solicited on all aspects of biometric theory and practice in biometric-based measurements and systems, specifically for security and medical applications.

#### SUBMIT EXTENDED ABSTRACTS OR DRAFT PAPERS BY 15 APRIL 2012

The "GIRPR Best Student Paper Award" will be conferred to the author(s) of a full paper presented at the conference.

Details for the submission and all information concerning the symposium and the Award can be found at the workshop web site at <http://bioms2012.dti.unimi.it>. Acceptance/rejection will be emailed by 15 May 2012. The final manuscript is due by 30 June 2012.

Submission implies willingness to register at the conference, pay the registration fee and present the paper in person. Papers will be included in the proceedings only if at least one author will register and pay the registration fee by 30 June 2012 (member and non-member fees only are acceptable to this purpose) - no exceptions. Papers included in the proceedings will also be included in the IEEE Xplore digital library only if the paper will be presented in person at the conference by one of the authors. If an author covers more than one paper with her/his registration to guarantee inclusion in the proceedings, she/he must pay a 50 US\$ surcharge for each paper in excess of one.
